The need is great for the summer!

Did you see the great article in the Nobles County Review about the Butts Probst Field in Wilmont? There have been great things happening with the ball field. Thanks for updating the ball field for use by the youth (and adults) of the area. Thanks to Shelly Spartz for leading the effort to get the field used for youth this summer! Thanks also to Tim Bertrand for getting the field updated and in great shape! Thanks also for the many donations!

Congratulations to the Behrens Family of Reading on attaining Century Farm status. There is an article in The Globe about the farm—now owned by Whitney Fossel. Quite an accomplishment to hold across the generations!

In Memoriam-LaVone M. Wagner, 86, of Sioux Falls, SD passed away surrounded by family at Dougherty Hospice House on May 31, 2022. A short battle with cancer took our loving mother, grandmother and great-grandmother to God's awaiting open arms. LaVone Wieneke was welcomed into the world by Cletus Wieneke and Rose (Recker) Wieneke of Lismore, MN Township on July 22, 1935. She attended Saint Anthony Catholic School and graduated from Saint Anthony High School in 1953. LaVone loved to tell the story of one of her fondest high school memories: The 1953 Saint Anthony girls softball team made the trek to Sioux Falls to face a stout opponent in the McKennan Hospital Nurses team. When the dust settled, Saint Anthony walked off the diamond with a 1 – 0 victory.

Following high school, LaVone stayed in the Lismore area and worked at an egg processing facility in Adrian, MN. Summer 1960 was a very special year for LaVone as she met the love of her life, Melvin Wagner. The two were united in marriage on June 1, 1961 at Saint Anthony Catholic Church in Lismore, MN. The young couple farmed the Wagner family farm in rural Adrian until 1970 at which time they moved their family of seven children to Sioux Falls, SD. In 1974 they settled into the house that mom would call home the rest of her life.

Late 1974, Melvin started suffering medical issues that would lead to complete incapacitation and nursing home residency until he passed in 1983. LaVone's love for him remained steadfast as she visited him every day of the seven plus years he was in the nursing home. When Melvin became ill, LaVone was also faced with the prospect of being a single parent for seven children under the age of 13. Her strength and determination were a guiding light for the young family and instilled a work ethic in her children that lives on to this day. She took great pride in telling people how she had raised seven children as a single parent.

To support her family of seven children, LaVone had to obtain employment outside the home and turned to the one of the things she knew well, cooking. She worked for several years in the Cathedral School cafeteria preparing meals for grade school age children. She would make the transition to Sioux Valley Hospital where she worked in their food service program for 17 years before she "retired". Upon her retirement, she decided to take on the role of daycare provider for many of her 14 grandchildren. The stories the grandchildren can tell of the time spent with their grandmother are endless and such priceless memories. To her dying day, she loved to brag about what a great group of grandkids she had and how proud she was of all they were doing and accomplishing with their lives. When LaVone's last grandchild got to the age he no longer needed to be in a daycare, she decided to retire. She again returned to the food service industry for several years and worked in the Sioux Falls School District Central Kitchen and

LaVone is survived by her seven children, sons Daryl (Darla) of Harrisburg, SD, Douglas (Lisa) of Sioux Falls, SD, Gene (Shelly) of Harrisburg, NC, David (Amy) of Sioux Falls, SD and daughters Patricia Carter of Sioux Falls, SD, Beverly (Scott) Yount of Hartford, SD and Cheryl (Jerrad) Snyder of White Lake, SD. She is also survived by 14 grandchildren, Ashley (John) Wagner-Herrboldt, Kristen (Tom) Koeller, Kayla Yount, Jennifer Wagner, Michael Wagner, Alyssa Wagner, Samantha Wagner, Emily Wagner, Logan Wagner, Braxton Carter, David (Sarrah) Carter, Amanda Sundet, Allison (Steven) Hatcher, Patrick Wagner, one step grandchild, Chance (Julie) Snyder, five great-grandchildren, Jayce Carter, Elliot Carter, Zydane Sundet, Zyler Sundet and Theodore Herrboldt, three step great-grandchildren, Isabel Herrboldt, Carson Snyder and Connor Snyder, one sister, Helen (Sylvester) Lonneman, one brother, Alvin "Sonny" (Connie) Wieneke, two sisters-in-law, Henrietta Duerr and Adeline (Dale) Isaacs and many nieces and nephews. She was preceded in death by her parents, her husband, several brothers-in-law and sisters-in-law

Years Ago—By Audrey Brake Thanks for the many memories!

Wilmont

Naval Air Station, Norfolk, Va. Dear Pete, Decided to write you a few lines to let you know we are receiving the Tribune regularly and appreciate it very much. Spartz and I both are working in repair shops here, doing general repair work on planes. Suppose you heard about the explosion that took place here the 17th. it was caused by 24 depth charges, which exploded accidentally while being transported. Twenty-five were killed and about 250 injured. Two hangars and several other buildings were crumbled and burned. It seems as though the rainy season has started here, as it has been raining the past few days. Well, Pete, before we close we want to take this opportunity to thank everyone who helps to get the paper to us. Emil Johanning and Clarence Spartz

The Wilmont Tribune editor received a few lines from Vincent Bofenkamp, stating that he is now in North Africa and would appreciate it very much if the paper was forwarded there. He also wishes to thank the VFW and the Tribune editor for the home paper, which he enjoys very much.

Mr. and Mrs. Peter Spartz received a letter from the Halloran General Hospital, office of the Registrar, Staten Island, New York, that their son, Pvt. Photo From the Past

Jim Slater called about the First National Bank photo in the last issue of the Wilmont Shopper. He identified the man on the right as E. Walter Nun, who became part owner of the bank in 1940 with E. L. Meyer. Mr. Nun was a cashier at the bank for a number of years until he sold his interest in the bank to E. L. Meyer. Jim said he also was one of the boy scout leaders while in Wilmont.

The photo this week is of Fred & Rose Hurlbut in the Wilmont Golden Jubilee parade in 1949. It was taken along the south side of the former Becker Lumber Yard. Spectators in the background (L-R) are Joe & Clara Brake with sons, Ray & Elmer, another couple, and then Viola & Alphonse LeBrun with children, Janet & Larry. If anyone has any more information on this photo, contact Audrey Brake at aubrake@gmail.com or call 507-360-1136.

Tenaska Nobles 2 Wind Farm Awards \$3,000 in College Scholarships

First Awards Presented to Graduating Nobles County Students

WILMONT, Minnesota – Nobles 2 Power Partners, LLC, owner of the Nobles 2 wind farm, a 250-megawatt (MW) facility in southwest Minnesota, is pleased to announce a new college scholarship program for students graduating from Adrian, Fulda and Worthington high schools. The program will award a total of \$3,000 in scholarships annually, starting with the class of 2022. This year's winners are:

Representing Adrian High School is Laura Luettel, daughter of Dean and Jennifer Luettel, of Adrian;

Representing Fulda High School is Logan Erdmann, son of Greg and Tonya Erdmann, of Fulda; and

Representing Worthington High School is Alexandro Mazariegos, son of Herminio Mazariegos and Miness Mazariegos Rodriguez, of Worthington.

"Tenaska understands the importance of education and the role it plays in our students' and community's future success," said John Beacom, Tenaska director of asset management. "We are proud to support these Noble County graduating seniors and wish them well in their college pursuits."

This is the first year for the scholarship program in Nobles County. College-bound students graduating this spring from Adrian High School, Fulda High School or Worthington High School were eligible to apply. The money can be applied toward two- or four-year post-secondary education programs at accredited institutions.

Tenaska, an energy company based in Omaha, Nebraska, manages scholarship programs in communities where its power generating facilities are located. To date, more than \$900,000 in scholarships have been given out to over 1,000 students across the United States.

Construction of the Nobles 2 wind farm represents a significant investment in the regional economy. Through Mortenson, the engineering, procurement and construction (EPC) contractor, approximately 150 craft workers were hired from the local area and approximately \$15.5 million in contracts were awarded to businesses in the region.

The Nobles 2 wind farm is supported by an operations team of 14 local employees staffed through NAES Corporation and Vestas. The facility is anticipated to result in increased tax revenue of more than \$1.1 million annually to local units of government and will diversify land use and provide stable income to landowners through lease payments.

Nobles 2 Power Partners is comprised of affiliates of Tenaska, ALLETE, Inc. and Bright Canyon Energy. An affiliate of Tenaska serves as the managing partner.

USDA Rural Development has funding available for very low- and low-income individuals and families seeking to purchase or repair a home in a rural area.

The Direct Home Loan program offers financing to qualified very-low and low-income applicants that are unable to qualify for traditional financing. No down payment is required, and the interest rate could be as low as one percent with a subsidy. Applicants must meet income and credit guidelines and demonstrate repayment ability. The program is available in rural communities of generally 35,000 people or less.

The maximum loan amount is \$40,000 at a one percent interest rate, repayable for a 20-year term and can be used to improve or modernize homes and do essential repairs. Grants of up to \$10,000 are available to homeowners 62 and older and must be used to remove health or safety hazards, such as fixing a leaking roof, installing indoor plumbing, or replacing a furnace.
