USDA Funding Available to Help Low-Income Individuals and Families  
Buy  
or Repair Homes

USDA Rural Development has funding available for very low- and low-income individuals and families seeking to purchase or repair a home in a rural area.

The Direct Home Loan program offers financing to qualified very-low and low-income applicants that are unable to qualify for traditional financing. No down payment is required, and the interest rate could be as low as one percent with a subsidy. Applicants must meet income and credit guidelines and demonstrate repayment ability. The program is available in rural communities of generally 35,000 people or less.

The maximum loan amount is \$40,000 at a one percent interest rate, repayable for a 20-year term and can be used to improve or modernize homes and do essential repairs. Grants of up to \$10,000 are available to homeowners 62 and older and must be used to remove health or safety hazards, such as fixing a leaking roof, installing indoor plumbing, or replacing a furnace.

Time is limited to receive funds for the current fiscal year.

Contact a USDA Rural Development Housing Specialist in your area today, to see if you qualify.

In August, the Nobles County Corn and Soybean Growers Association supported the Nobles County 4-H program by purchasing 150 pounds of pork loin at the Nobles County Fair 4-H fundraiser auction. The group's winning bid was \$2,600. Those funds have helped over 50 Nobles County youth attend the Minnesota State Fair.

The Nobles County Corn and Soybean Growers Association then donated the pork loin to the Adrian school district. The meat will be used at an upcoming school event.

"The Nobles County Corn and Soybean Growers Association is proud to support our local schools and county 4-H program," President Matt Widboom said. "As a grassroots farmer organization, we're dedicated to supporting our local communities. We look forward to continuing our engagement with youth programming well into the future."

On Saturday, December 4th the Boy Scouts will again pick up waste paper and every two weeks thereafter. It will help greatly if the magazines and papers are tied up separately in tight bundles. There is a serious shortage of waste paper necessary for the manufacture of boxes and containers for the shipment of food, supplies, and ammunition to our fighting men. Especially boxes and corrugated papers are wanted.

From the Paduan, St. Anthony School news - About two weeks ago the children from grades three to eight entered a Penmanship contest. The girls were the only ones in our room who tried. We had to write the capital and small letters of the alphabet and the Preamble of the Constitution. If the National Board of Examiners considered the writing satisfactory, the Board would send them certificates. We have been waiting for the certificate returns for about a week. Today they came. Most of the girls passed. Another chance will be given those who failed. Geraldine Kontz, grade 8. Last week Sister took the class of sixth graders over to church. There they saw the priest's vestments. There was one for every feast day. Some of the colors are: black, red, white, green, and purple. In cleaning the gizzard, Mrs. Fleischman found a gold nugget which a jeweler proclaimed as pure, virgin gold worth \$50.

### Photo From the Past

With harvest coming soon, the photo this week is of grain shocks that filled a field in section 3 in Wilmont Township. These shocks were cut grain stocks, usually oats or wheat, that were placed so as to keep the grain heads off the ground. These shocks were left to dry. Then a farmer would hire someone with a threshing machine to separate the grain from the rest of the plant and neighboring farmers would come to help with the whole process.
